Get Started

LG G Pad™ F 7.0

Sprint
Welcome!

Thank you for choosing Sprint. This booklet helps you get started with your LG G Pad™ F 7.0.

ReadyNow – For more help in getting up and running with your new device, take advantage of exclusive Ready Now resources at sprint.com/readynow.

Visit sprint.com/support for ongoing support and resources. There, you’ll find user guides, tutorials, and more to help you get the most out of your device.

Note: Available applications and services are subject to change at any time.

The LG G Pad™ F 7.0 tablet supports connections on Wi-Fi and the Sprint 4G LTE network. For information on coverage, visit sprint.com/coverage.
Activate Your Device

Charge the Battery

Your device’s battery should have enough charge to get started, but it’s a good idea to charge it fully before you get going. Insert the USB into the jack and plug the charger into an outlet.

Before turning on your device:

- **If you purchased your device at a Sprint Store**, it is probably activated and ready to use.

- **If you received your device in the mail, and it is for a new Sprint account or a new line of service**, your device is designed to activate automatically when you first turn it on. You will see a **Hands Free Activation** screen at startup. When it’s finished, tap **OK** to continue. To confirm your activation, launch the Web browser.

- **If you received your device in the mail and it is going to be activated on an existing number (you’re swapping devices)**, go to sprint.com/activate and follow the instructions. When you have finished, launch the Web browser to confirm your activation.

If your device is still not activated, visit sprint.com/support for assistance. If you do not have access to the Internet, call Sprint Customer Service at **1-888-211-4727** from another phone.
Set Up Your Device

Complete the Setup Screens

Press and hold the **Power/Lock Button** and then review the TalkBack navigation screen, or tap **Next** to bypass.

Select a language, tap **Next**, and then follow the prompts to complete the setup screens.

The device’s setup screens will guide you through the setup process. Follow the prompts to:

- Set up a Wi-Fi connection.
- Sign in to (or set up) a Google Account.
- Set up payment information.
- Personalize your device.

When setup is finished, you’ll see your device’s home screen.
Tap 🔄 from any screen to return to the home screen.

**Notifications**
Slide down to open menu

**Dock Menu**
Tap to open apps

**Apps Shortcuts**
Tap to open

**Apps Launcher**
Tap to show apps screen

**Widgets**
Tap to open

**Status**

**Notifications**
When you see a notification icon on the left side of the status bar, slide the status bar down to display the Notifications Panel. Touch a notification to open it.

**Silde for more screens**

**Apps Tab**

**Notification Panel open**
Knock Code™

Get direct access to the home screen while keeping your tablet secure.

Setup
1. From home, tap Apps > Settings > Display > Lock screen > Select screen lock > Knock Code > Next.
2. Enter a pattern of 3 to 8 taps and tap Continue.
3. Enter the pattern again and tap Confirm > Next.
4. Enter a backup PIN and tap Next.
5. Enter the PIN again and tap OK.

Use
- When your screen is dark, tap your Knock Code anywhere on the screen (portrait orientation).
- On the lock screen, you must tap your Knock Code in the indicated area.
Dual Window

To view two apps at the same time:

1. From home, tap the **Dual Window Key**.
   - or -
   Touch and hold the **Back Key** to split the screen.

2. Tap or drag the desired app icon to the top or bottom portion of the screen.

3. Tap the tab for the following options:
   - Switch the position of the two screens.
   - View the apps list.
   - Open the current app in full screen mode.
   - Close the current app.
Link your Android™ 4.1 or higher smartphone and your tablet to get notifications and text messages on your tablet.

1. Download the QPair app (non-carrier-specific app) onto your smartphone via the Google Play™ Store. Once downloaded, access the QPair app on both devices.

2. Tap **Get started** > **OK** > **Start** on both devices.

3. Tap **Pair** on both devices.
Email

Set Up an Email Account
1. From home, tap Apps 📱 > Email 📧.
2. Follow the instructions to sign in to your email account.
   • Tap Manual setup to configure your connection settings manually (POP3, IMAP, or Exchange). Follow the on-screen prompts and enter the information specific to your carrier.

   Note: If you’re not sure about your account, tap Next after entering your email address and password. If your phone can’t autoconfigure your account, you’ll then be asked to configure it manually.

Access Email Messages
1. From home, tap Apps 📱 > Email 📧.
   • If necessary, tap the email account you want to use.
2. From the inbox, tap the message you want to view.

Send an Email Message
1. From home, tap Apps 📱 > Email 📧.
   • If necessary, tap Inbox and tap the email account you want to use.
2. Tap 📬.
3. Enter an email address in the To field.
4. Enter a subject and a message.
   • To add an email attachment, tap 📥 and select an attachment.
5. Tap ➡️.
Contacts

From home, tap 📞 and then tap the **Contacts** tab to open the Contacts app.

![Contacts Tab]

Camera and Video

Take a Picture or Video

From home, tap **Camera 📸** to open the Camera app.

Camera
Tap to take a photo

Swap Camera

Camcorder
Tap to record videos

Gallery
Tap to view recent photos
Typing

Use onscreen keyboards to enter text. Slide the status bar down to switch keyboard types.

**Shift Key**
Tap once to capitalize the next letter you type. Tap again to turn on CAPS lock. And tap again to turn off CAPS lock.

**Delete Key**
Tap to delete characters to the left of the cursor.

**Symbols Key**
Tap to change input to the symbol entry.

**Enter Key**
Tap to move to a new line of text.

**Space Key**
Tap to enter a space.

**Settings/Voice Input/Clip Tray Key**
Tap to access the keyboard settings. Touch and hold to select entering text by voice input or access the Clip Tray.

**Important Privacy Message.** This device is capable of determining its/your geographical location. To set controls for access and use of your location information by others, from home, tap Apps > Settings > Location, tap the OFF/ON icon so it’s in the ON position, and then tap Mode, and select your location options from the list. Follow any applicable prompts. These settings for the use of location information can be turned on and off. For some applications and services you select, a device must be turned on and set to allow collection of location information in order to function.

Please be advised that if you use a third-party application, the application may collect your personal information or require Sprint to disclose your customer information, including location information (when applicable), to the application provider or some other third party. Sprint’s policies do not apply to these third-party applications. Please carefully review the application’s terms of use and/or the application provider’s policies for more information about how the application will collect, access, use or disclose your information before using a third-party application. Terms of use and other policies usually are available on the application provider’s website.
