

Get Started

SAMSUNG
Galaxy S6

Welcome!

Thank you for choosing Sprint. This booklet helps you get started with your HD Voice capable* Galaxy S® 6.

ReadyNow – For more help in getting up and running with your new phone, take advantage of exclusive **Ready Now** resources at sprint.com/readynow.

Visit sprint.com/support for ongoing support and resources. There, you'll find user guides, tutorials, and more to help you get the most out of your phone.

Note: Available applications and services are subject to change at any time.

*HD Voice capability is available in select markets. Visit sprint.com/coverage for more information.

Your Galaxy S 6

Activate Your Phone

Charge the Battery

Your phone's battery should have enough charge to get started, but it's a good idea to charge it fully before you get going. Insert the USB into the USB charger/accessory port and plug the charger into an outlet.

Before turning on your phone:

If you purchased your phone at a **Sprint Store**, it is probably activated and ready to use.

If you received your phone in the mail, and it is a **new Sprint account** or a **new phone number**, your phone is designed to activate automatically when you first turn it on. You will see a **Hands Free Activation** screen at startup. When it's finished, tap **OK** to continue. To confirm your activation, make a phone call.

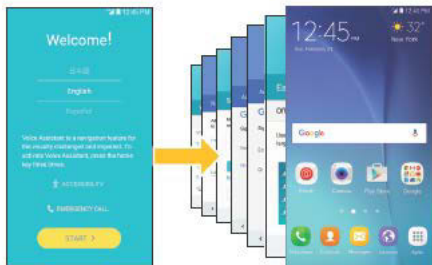

If you received your phone in the mail and it is going to be activated on an **existing number** (you're **swapping phones**), go to sprint.com/activate and follow the instructions. When you have finished, make a phone call to confirm your activation.

If your phone is still not activated, visit sprint.com/support for assistance. If you do not have access to the Internet, call Sprint Customer Service at **1-888-211-4727** from another phone.

Set Up Your Phone

Power Up Your Phone and Complete the Setup Screens

Press and hold the Power/Lock Key to turn the phone on. From the Welcome screen, select a language and tap **Start**. Follow the setup screens to to:

- Set up a Wi-Fi connection.
- Accept Terms and Conditions or other agreements.
- Sign in to (or set up) a Google™ Account.
- Sign in to (or set up) a Samsung account.
- Personalize your phone.

When setup is finished, you'll see your phone's Home screen.

Samsung Smart Switch – If you want to easily, quickly, and safely transfer data such as pictures, messages, music, and more from your old smartphone to your new Samsung Galaxy S 6, Samsung Smart Switch™ can help. Visit samsungsmartswitch.com.

Your Home Screen

Press  from any screen to return to the home screen.

Sprint & Sustainability

At Sprint, environmental responsibility is more than talk. For information on Sprint's commitment to sustainability and the environment, visit sprint.com/green.

This guide is printed with soy inks and contains 30% post consumer paper.

Don't Drive Distracted

It can wait. If the car is in driving mode, you should be too. Visit sprint.com/drive to learn about Sprint's FREE **Drive First** app and other resources.

#itcanwait

The services described in this guide may require a subscription to a service plan and/or may incur additional charges. Not all services will work on all phones. See sprint.com/coverage for more details.

Important Privacy Message. This phone is capable of determining its/your geographical location. To set controls for access and use of your location information by others, from home, tap **Apps**  > **Settings**  > **Privacy and safety**  > **Location**, tap the **Off/On** icon so it's in the On position, and then tap **Locating method**, and select your location options from the list. Follow any applicable prompts. These settings for the use of location information can be turned on and off. For some applications and services you select, a phone must be turned on and set to allow collection of location information in order to function.

Please be advised that if you use a third-party application, the application may collect your personal information or require Sprint to disclose your customer information, including location information (when applicable), to the application provider or some other third party. Sprint's policies do not apply to these third-party applications. Please carefully review the application's terms of use and/or the application provider's policies for more information about how the application will collect, access, use or disclose your information before using a third-party application. Terms of use and other policies usually are available on the application provider's website.
