Get Your Phone Ready

Install the Battery
1. Insert a coin or other flat object into the slot at the top of the battery compartment cover and lift the cover up gently.
2. Insert the battery, contacts end first, and gently press the battery into place.
3. Replace the battery compartment cover, making sure all the tabs are secure and there are no gaps around the cover.

Charge the Battery
1. Insert the USB cable into the phone’s Charger/Accessory jack.
2. Plug the charging head into a standard AC power outlet. Fully charging a battery may take up to three hours.

Turn the Phone On
• Press and hold END to turn the phone on.

Switch to Spanish Menus (optional)
1. Press [ ] > Setting/Tools > Settings > Others > Language.
2. Highlight Español and press .
Activate Your Phone

• If you purchased your phone at a Sprint Store, it is probably activated and ready to use.
• If you received your phone in the mail, and it is for a new Sprint account or a new line of service, your phone is designed to activate automatically.
• If you received your phone in the mail and it is going to be activated on an existing number on your account (you’re swapping phones), you can activate on your computer online or directly on your phone.

To confirm activation, make a phone call. If your phone is still not activated or you do not have access to the Internet, contact Sprint Customer Service at 1-888-211-4727 for assistance.

Make and Answer Calls

Make Your First Phone Call
1. Enter a phone number from standby mode. (If you make a mistake while dialing, press BACK to erase.)
2. Press TALK.
3. Press END when you are finished.

Answer an Incoming Call
• Press Answer.

Ignore an Incoming Call
• Press Send to VoiceMail if you want the call to go straight to VoiceMail or Ignore with Text if you would rather reply with a text message.

Mute the Ringtone on a Call
• Select Silence from the onscreen menu to mute the ringtone and turn off vibration.
Contacts

Save a Phone Number
1. From standby mode, enter a phone number and press OPTIONS (right softkey) > Save. (If this is the first time you are saving an entry to Contacts, skip to step 3.)
2. Select New Contact or Existing Contact.
3. If you chose New Contact, select a number type, and then enter the new entry name.
   – or –
   If you chose Existing Contact, select an entry to which you want to save the number, and then highlight a number type and press TALK.
4. Press DONE (left softkey) to save the entry.

Retrieve a Phone Number
1. Enter four or more digits of the number in standby mode. (The more numbers you enter, the more specific the search becomes.)
2. All Contacts entries matching the entered numbers will be displayed. Highlight an entry and press TALK to dial the number.

Add a New Contacts Entry
1. From standby mode, press CONTACTS (right softkey) > Add New > New Contact.
2. Enter a name for the new entry and press the navigation key down.
3. Enter the phone number for the entry and press TALK.
4. Highlight a number type for the entry (Mobile, Home, Work, Pager, Fax, or Others) and press TALK.
5. Add other information if desired and press DONE (left softkey).
Voicemail

Set Up Your Voicemail
All unanswered calls are automatically transferred to your voicemail, even if your phone is in use or turned off. You should set up your voicemail and personal greeting as soon as your phone is activated:

1. Press and hold \text{1\text{\textregistered}}.
2. Follow the voice prompts to create your password and record your name and greeting.

Sprint strongly recommends setting a voicemail password. Without a password, anyone who has access to your phone can access your messages.

Retrieve Your Voicemail
• Press and hold \text{1\text{\textregistered}}.

From any other phone:
1. Dial your wireless phone number.
2. When your voicemail answers, press \text{*}.
3. Enter your password.
**Messing**

Keep in touch your way using text and picture messaging.

**Send a Message**

1. Press 📱 > Messages > Send Message.

2. Select Go to Contacts to select a contact.
   - or —
   Press MULTIPLE (left softkey) > Go to Contacts to select multiple recipients, and then press CONTINUE (left softkey).
   - or —
   Press NEW ADDR (right softkey) to enter a phone number or email address directly, and then press CONTINUE (left softkey).

3. Use your keyboard to enter a message or press OPTIONS (right softkey) to select additional options.

4. To send a text message with no attachments, skip to step 8.

5. Select ‹Add attachments› and select a category of file to attach (My Albums, Take new picture, or Voice).

6. Select a location where your file is stored. (You can also choose to take a new picture or to record a new voice or audio clip.)

7. Select files to attach.

8. If you are satisfied with your message, press SEND (left softkey).

Accessibility

Voice Recognition
You can use your phone’s built-in automatic speech recognition (ASR) software to dial a phone number in your Contacts or to launch phone functions. All you have to do is press the Voice Recognition Button on the side of the phone and talk into the speaker, and ASR will recognize your voice and complete tasks by itself.

2. Select Confirmation and select an option.
   - Automatic to ask for confirmation only when the system is not sure what you said.
   - Always Confirm to always ask for confirmation.
   - Never Confirm to never ask for confirmation.

To adapt the system to your voice:
2. Select Adaptation > Adapt Voice.
3. Press START (left softkey) and repeat each word, phrase, or telephone number you hear.

2. Highlight the desired Speech Rate and press \(\text{.}\)

Font Size
The Font size option allows you to change the size of the fonts used on the phone within menus, etc.

1. Press \(\text{Settings/Tools} \rightarrow \text{Settings} \rightarrow \text{Accessibility} \rightarrow \text{Font Size.}\)
2. Select Normal, Large, or Huge.
3. Press to \(\text{assign the option.}\)

Note: Additional Accessibility options allow you to select a negative color display and other specific display themes.
**TTY Options**

A TTY (also known as a TDD or Text Telephone) is a telecommunications phone that allows people who are deaf, hard of hearing, or who have speech or language disabilities, to communicate by telephone. Your phone is compatible with select TTY phones. Please check with the manufacturer of your TTY phone to ensure that it is compatible with digital cell phones. Your phone and TTY phone will connect via a special cable that plugs into your phone’s headset jack. If this cable was not provided with your TTY phone, contact your TTY phone manufacturer to purchase the connector cable.

To turn TTY Mode on or off:

1. Press 📱 > Settings/Tools > Settings > Others > TTY Options. (You will see an informational message.)

2. Highlight TTY Full, TTY + Talk, or TTY + Hear and press 📱.
   – or –
   Highlight TTY Off and press 📱.
Dedicated 911 Key
Your phone has a dedicated 911 key at the very top of the keypad. Press this key in case of an emergency to automatically dial 911.

Enhanced 911 (E911) Information
This phone features an embedded Global Positioning System (GPS) chip necessary for utilizing E911 emergency location services where available.

When you place an emergency 911 call, the GPS feature of your phone seeks information to calculate your approximate location. Depending on several variables, including availability and access to satellite signals, it may take up to 30 seconds or more to determine and report your approximate location.

Important: Always report your location to the 911 operator when placing an emergency call. Some designated emergency call takers, known as Public Safety Answering Points (PSAPs) may not be equipped to receive GPS location information from your phone.
Web

Find sports scores, news, and weather. Shop online. On-the-go access lets you browse full-color versions of your favorite websites.

Go Online
• Press > Web. (Your data connection starts and you see the SprintWeb℠ home page.)

While connecting, you may see an animation and a “Connecting” message.

Camera

Capture your life’s moments as stunning digital photos and share them at a touch of the screen.

Take a Picture
1. Press > Photos > Camera.
2. Frame your subject in the screen.
3. Press the camera button on the right side of the phone or .
4. Press OPTIONS (right softkey) for more options (Send Picture, Camera, Assign, Erase, or Review Album).

Share a Picture
• After you have taken a picture, press SEND (left softkey) and choose a contact.
• If you want to share a picture from your Gallery, see "Send a Message" on page 5 of this guide.
